ENERGATE
ENERGY EFFICIENCY MARKETPLACE

The Energy Efficiency Marketplace is LIVE!

The ENERGATE smart energy marketplace aims to facilitate the financial closure and project implementation of energy efficiency by offering standardisation, risk mitigation and appropriate "packaging" of investements.

FOR WHO?

BUILDING OWNER

Private owners, building administrators, building managers, asset managers, property managers, and real estate developers

Use the platform to:

- Create profiles for your buildings
- Select energy efficiency measures to be applied
- Select preferred type of financing
- Search for renovation experts

IMPLEMENTOR

Project developers, ESCOs, architect & design companies, engineering companies, real estate companies with technical teams in-house

Use the platform to:

- Insert buildings or be matched with buildings that need renovation
- Extract well-structured offers with project details
- Aggregate projects
- Find financial support

FINANCIER

Funds, investors, banks financing bodies, financial institutions

Use the platform to:

- Declare financial and non-financial criteria to be matched with projects
- See the projects ranked according to the declared criteria and preferences
- Access information about the projects
- Provide financial support

PUBLIC BODIES

Municipalities, cities, regions, communities, public procurement bodies

Use the platform to:

- Create a pre-announcement of your energy efficiency projects
- Explore EU funding mechanisms for your projects
- Notify platform users that you are looking for technical and/or financial support
- Allow technical teams and fund providers to prepare financed solutions for your project

WHERE?
